VERY REV. WILLIAM L. KELEHER, S.J.

My first word at the opening of the new scholastic year is one of sincere gratitude to all the members of the Alumni Association for your generous efforts in behalf of the College as manifest in the campaign for our Memorial Gymnasium. The response to our appeal was most gratifying, and all of us at the Heights are proud of the manner in which the campaign was conducted. I do not propose to begin construction of the gymnasium immediately. The life of a permanent gymnasium is a matter of question, and until we can determine that point we cannot proceed. Meanwhile, the new Auditorium will allow us to develop our intramural program and build up the physical educational program required today.

The picture on the campus today is a busy one, and a happy one. The Auditorium you saw on Alumni Day has been finished off and is to be a very active center. It is my hope that in time we shall be able to make this a permanent building, one that will fit into the campus picture. The latest classroom building is ready, with sixteen new classrooms and ten offices, prepared to welcome the largest student body Boston College ever knew. Further changes have been effected in the Science Building and in the Power Building, and I hope that in your trips to the Heights you will find time to look around and visit the old as well as the new departments.

Our R.O.T.C. unit, a Field Artillery unit, will be established with the opening of classes. Classes will be limited for the first year, but it appears that we shall have a most representative group of veterans and non-veterans in this unit. The offices and classes of this division will be housed in the Auditorium Building.

The greatest activity on the campus today is the construction of the new building for the College of Business Administration, where work is progressing satisfactorily. We expect to use the new quarters in the fall of 1948, at which time O'Connell Hall and the Museum will be freed for other purposes.

Mention of the Building Program leads to my request of you for this year. After our Alumni responded to our appeal, we determined to turn to the public for their support in our ventures. We feel we have a real contribution to make to the City and State, and so we ask them to assist us. Here we ask your support again, to go with us to the general public. With the record you have made for yourselves in your own campaign, we need not hesitate or apologize in turning to others for their support. The school is not new, but well established, and its graduates are already recognized in their fields. To expand this division of the College, to make it possible for us to equip more men with a solid business background, we are erecting this new building. Your class officers, acting for the generous committee that is heading this public drive, will ask your cooperation. You responded before, I know you will do it again. We can make a great success of this program if we can count on the support of all Boston College men. I have assured your committee that you would be with them. I know you will not fail us.

My greetings to your new Alumni Officers. I am confident that under their leadership the Association will become what it should be, an inspiration to the undergraduates, a power for good in Church and State.

PUBLIC CAMPAIGN STARTS

\$600,000 Goal for New Building to House College of Business Administration

Its Alumni having answered the call for funds to build a Memorial Gymnasium, Boston College now moves into the second phase of its building campaign—an intensive drive to raise \$600,000 in the Boston area for a new, modern building to house the College of Business Administration. This drive, headed by Charles A. Birmingham, '10, will last through the month of October.

Boston College is profoundly grateful to its Alumni for making the Memorial Gymnasium possible. It goes now to the community it serves for additional support in a position immeasurably strengthened by this demonstration of loyalty, gratitude, and faith on the part of its former students.

Yet, thankful as it is, the College must ask still more of its Alumni in the interests of a Greater Boston College—not their dollars at this point, but their services as volunteer workers carrying to the people of Greater Boston and to the Boston business community an effective appeal for aid.

"It has been more than twenty-five years since the College has had to make a public appeal for capital funds," Mr. Birmingham pointed out in a statement prepared for the Alumni News, "but lastly increased enrollments now permit no other course if Boston College is to improve or even maintain the quality of its service to the community.

"While all facilities are being taxed to the utmost, the overcrowded conditions in the School of Business Administration—the fastest growing college—are actually proving detrimental to the maintenance of Boston College standards of education and training. That situation must be remedied at once.

"If the Alumni will undertake to assist our campaign committee in placing these facts squarely before the business concerns and local communities of Boston and vicinity—at the same time emphasizing Greater Boston's stake in a Greater Boston College—there can be no doubt that this situation will be remedied," Mr. Birmingham's statement concluded.

To each Alumnus who contributed to the Memorial Gymnasium the Very Reverend William L. Keleher, S.J., President, has sent a letter

CHARLES A. BIRMINGHAM, '10
General Chairman

earnestly asking assistance in this campaign to obtain support from the general public. He has since informed the Alumni News that he wishes that request repeated in these columns and broadened to include all former Boston College students.

Father Rector described this campaign as an opportunity for every Alumnus to make a gift of service as valuable as the gifts of money already gratefully received.

"It is a chance," he said, "to help Boston College in its endeavor to make an ever-larger contribution to the moral and material well-being of this community, while at the same time enhancing its own prestige and that of all its students, past, present, and to come.

"It makes no difference," the Rector continued, "what course of study an Alumnus may have

pursued while at Boston College, he should identify himself with this drive for a new building for the Business School. The various colleges making up his Alma Mater are, in fact, inseparable. To help one is to help all. No other contribution he might make now would be as valuable to Boston College as his active participation in the forthcoming campaign. I ask every Alumnus who can to offer his services either in his own community or on the committee working in his particular business field.

Mr. Birmingham, who is general chairman of the drive, is one of Boston College's most able and loyal graduates. He is a prominent Boston and New York lawyer long active in the affairs of the Alumni Association. He served as its president from 1928 to 1930.

These religious and civic leaders are heading principal campaign subdivisions:

Bishop John J. Wright, D.D., '31, co-chairman of the Community Division.

T. Edmund Garrity, '23, Boston insurance executive, co-chairman of the Community Division.

Michael T. Kelleher, Vice-president and Director, Marsh & McLennan and President of the Boston Chamber of Commerce, chairman of the Special Gifts Division.

William J. O'Sullivan, '14, oil executive (United Corporation of Massachusetts) and a former member of the Board of Directors, Boston College Alumni Association, chairman of the Commerce and Industry Division.

John Kapples, '14, Treasurer of Lincoln Stores, Quincy, and a member of the Board of Directors, Boston College Alumni Association, vice-chairman of the Commerce and Industry Division.

These chairmen, together with the following, make up the Boston College Building Fund Executive Committee.

John J. Hagerty, New England Director of the Reconstruction Finance Corporation.

John B. Atkinson, '16, City Manager, Cambridge.

William B. Carolan, president, Union Savings Bank.

Joseph E. Sullivan, Sullivan Brothers Printing Co., Lowell.

Maxwell Shapiro, Shapiro Woolens.

P. A. O'Connell, president, E. T. Slattery, Inc.

Arthur O'Keefe, president, First National Stores.

Chairmen of the various sub-sections of the Commerce and Industry Division are:

Andrew J. Porter, Vice-President, National Shawmut Bank, Finance Division; Henry J. Smith, '22, Business Manager, Boston School Committee, Service Division; John J. McKearn, '22, White Fuel Company, Public Utilities Division; Francis D. Elbery, '25, Elbery Motor Company, Cambridge, Automotive Division. Edward

J. McCarthy, Vice-President, Great Atlantic & Pacific Tea Company, Consumer Division, Edward M. Gallagher, Jr., '32, Vice-President, Kaler, Carney, Liffler & Company, Industrial Division.

Among the local chairmen who are assisting Bishop Wright and Mr. Garrity in the Community Division are the following Alumni and friends of Boston College:

William J. Fitzsimons, '35, Dorchester; James H. Holland, '20, Winthrop; John J. Spencer, '29, South Boston; William E. Ryan, '29, Brighton; Christopher T. Garrahan, '19, Framingham; Edward F. Hurley, '32, Cambridge; Paul E. Troy, '20, Melrose; Walter R. Morris, '26, Everett; William H. Butler, Jr., '30, Wakefield; Daniel A. Lynch, '25, Lexington; R. Edward Foy, '21, Quincy; Joseph E. Ingoldsby, '27, Milton; John Pyne, '24, Hingham; William F. Herlihy, '18, Haverhill; and James I. Kelley, '17, Lowell.

These campaign chairmen are giving their time and energy freely to increase the eminence of Boston College, but each of them has an urgent need for volunteer aid. Certainly, there are none better qualified to give them effective help than the men and women who have benefited most by the fact that there is such an institution as Boston College and who know best that institution's potential value to the coming generations of students and to this community. Those men and women are the Boston College Alumni.

With the drive getting under way October 1 there is no time to be lost. All willing to help are asked to notify Very Reverend William L. Kelleher, S.J., at once at the Boston College Building Fund, 113 State Street, Boston 9. Telephone: Richmond 8589.

Letters should indicate whether the volunteers elects to work in a local community or in a section of the Commerce and Industry Division.

Community and business chairmen should be given the assistance of a large enough complement of Boston College Alumni to assure the realization of all quotas — and a Greater Boston College.

ALUMNI DRIVE

Announcement of the success of the campaign for the Memorial Gymnasium was made on Alumni Day by Father Frank Sullivan, S.J., Director of the Building Fund Drive. He heartily thanks the Class Chairmen, their Committee and the 5,000 Alumni members whose efforts and contributions put the campaign over the top with a figure slightly over the \$400,000 goal.

More than half of the pledges have been received and the balance are being rapidly converted into cash, indicating that the majority of subscribers are pointing for the January 1, 1941 deadline.

HISTORY OF COLLEGE

For the first time the complete story of the College has been put into writing by Rev. David R. Dunigan, S.J. His book "A History of Boston College" (Bruce) will be published shortly.

EMPLOYMENT

At a meeting of the officers and board of directors of the Alumni Association this month the matter of unemployment was seriously discussed. One conclusion reached was that the Alumni are now in a position to help one another and should do so, if membership in the Association is to have any value.

Whenever you wish to engage the services of anyone, please contact the Alumni office. Even if you are unable to hire people, you can still be helpful by calling to the attention of the Association positions that are open.

A successful placement program depends on the Alumni as individuals. Are you willing to help your fellow Alumni?

ON THE HEIGHTS

Amid much building activity the College began another scholastic year September 15 with an all-high student enrollment of 4100. Entering the College of Arts and Sciences and the School of Business Administration were 1100 freshmen, 800 in the former and 300 in the latter. The enrollment more than doubles the normal pre-war figure of 1500.

In order to accommodate the huge enrollment increase there are now six temporary buildings on the campus behind the Tower Building. Three are dormitories housing about 125 veterans. Two are classroom buildings including the large structure erected near Beacon Street this summer, and the auditorium with a seating capacity of 1200.

Work on the new building of the School of Business Administration began this summer. It will be located behind the Tower Building (see front cover).

R. O. T. C.

Beginning this month the new Army R.O.T.C. will be organized. There will be elementary and advanced courses with students taking military classes three hours weekly. Freshmen without previous military experience may enroll in the elementary course and upperclassmen with service experience may apply for admission to the advanced class.

Students fulfilling requirements will receive commissions as 2nd lieutenants in the Army Reserve.

Colonel James M. Lewis, USA, is in charge.

RED MASS.

Most Rev. John J. Wright, Auxiliary Bishop of Boston, will pontificate at the Red Mass, annually offered to invoke God's blessing on the judicial year, at the Immaculate Conception Church, Saturday morning, October 4, at 10 o'clock.

Hundreds of the highest dignitaries of the legal profession will hear the eminent Rev. James M. Gillis, C.S.P., editor of "The Catholic World," deliver the sermon.

71st COMMENCEMENT

Archbishop Cushing presided at the 71st Commencement exercises on June 12 when 440 graduates of the different schools of the University received degrees, the largest number since 1941. Very Rev. FOOTBALL

As another football season starts the big question is, "What is the team going to do this year?" There is only one thing certain and that is the team faces the most difficult schedule ever played by a New England college. To make matters more difficult, the freshman rule is back—the rule that rendered the task of Leo Daley so difficult in 1927. No new blood will enrich the team and missing by graduation from the 1946 squad are Bob Mangene, "Tuck" Twomey, "Patsy" Darone, Bill Quinn and Johnny Killelea.

The slate of Clemson, Kansas State, Louisiana State, Villanova, Georgetown, Wake Forest, Tennessee, St. Mary's (California) and Holy Cross is something to appal even the most courageous. However, many believe the Maroon and Gold outfit will make a decent showing, if the advance sale of tickets means anything. About 9,000 tickets on the average have been sold for each game up to September 1, with the Holy Cross sales brisk even in July. It looks like a full house for every game. Better look at the deadline dates in the A. A. advertisement on the next page.

Football enthusiasts will be interested in the brand of ball played by St. Mary's, the first team B.C. has ever met from the West Coast. The only game away from home is with Tennessee at Knoxville. There is a little score to settle with this outfit and B.C. followers hope the game will end as successfully as the one in the Sugar Bowl a few years ago.

Despite the stiff schedule and the freshman rule, B.C. should field a good team playing clever football. The backfield lacks an outstanding crashing back on the style of Holovack or Ben Roderick. But it has speed and deception. Stuka, Burke and Clashy are magicians in the T. Players from whom little was heard last year are now ready—Hughes, Farrell, Boverini, Poissant, Cannava and Cahill.

Coach Myers will be assisted by "Moody" Sarno, Dave Lucey and Bob Mangene of last year's team. Tom Moran has been appointed coach of the freshman team which will have its own schedule again this year.

BASEBALL

Freddy Maguire's baseball team failed to live up to its early season promise, for after a

spectacular start when both Brown and Harvard were humbled, a stunning defeat at the hands of an underrated Colby nine sent the club into a tailspin from which it never pulled out. The annual contests with Holy Cross the best from Worcester swept the series in three close games.

TENNESSEE TRIP

A football trip to Knoxville, Tennessee, the game with the University of Tennessee Saturday, November 15, is being officially sponsored by the Alumni Association.

Final arrangements have not been completed. At the moment plans call for leaving Boston special cars on Thursday afternoon, November 13, arriving in Knoxville Friday afternoon. Side trips to local points of interest are planned Saturday evening after the game the party will leave Knoxville, arriving at Roanoke, Virginia Sunday morning. Here another sidetrip been arranged. Then the trip will be resumed and the train will arrive in Boston on Monday morning, November 17, at 7 o'clock.

Complete information will be announced soon. Reservations are being accepted at the Alumni office, 113 State Street, Boston 9 (CAPitol 85-).

Dr. Michael A. Tighe of Lowell died April 8, 1947.

The following is taken from the May 1 issue of "The New England Journal of Medicine":

"Early in his medical career Dr. Tighe became a councilor of the Massachusetts Medical Society. His experience on matters of general medical and public concern began about the time the Workmen's Compensation Act was passed in 1912. He believed that the Act should be amended for the general good. He visited various district societies and presented his arguments in a convincing manner and later appeared before the Legislature. The Act was amended and has since proved to be a most satisfactory piece of legislation. Subsequently he was an important figure in questions of public relations, and his opinions were eagerly sought by laymen and members of the profession. He had an uncanny sense of seeing through debatable points quickly and was able to clarify muddled discussions in the form of a motion clearly and briefly stated. He was always an important member of a committee, but he never assumed a leading role unless his opinion was fortified with plainly stated facts and sound logic."

"His clear thinking was made evident by the excellent manner in which he expressed himself, his enunciation showing care and forethought. By nature he combined gentleness with sensitiveness. He was appreciative of the finer things

in life. He stood for justice and fairness, and he insisted on the truth as he saw it. In heated arguments he kept his dignity and poise and never created animosity. Indeed, he was a cultured and scholarly gentleman."

1910

Father Frederick Mulrey has been appointed pastor of St. James' parish, Haverhill. Father Michael Houlihan is the new pastor of St. Patrick's parish, Watertown.

WILLIAM D. MURPHY

77 Waban Hill Road North,
Chestnut Hill 67

The football minded Class of 1911 (we had five members of 1910 as regulars) is going to have a get-together and dinner the night before the St. Mary's game, Friday, November 21. Time and place to be announced later. Invitations are to be sent the rival coaches and captains and we expect to get first hand "dope" on the outcome of the game the following day. Moving pictures of some of the games last year will be shown.

A Memorial Mass for our deceased members will be celebrated by Father Frank Low in the College chapel on Saturday, November 22. All members who can possibly attend are urged to do so.

Tip to managers of country fairs. If you want to conduct a successful carnival, get in touch with Father Ed Hartigan. Despite the terrific heat, he put on a great three-day

affair at St. Jerome's Parish in Weymouth.

JOHN S. KEOHANE

12 Acacia Avenue, Chestnut Hill 67

Memories that make us pause—Thirty-four years ago this month we as the Senior class led the way into the new College on the Heights.—The lone building "The Tower" so new the smell of paint and cement still clung to it. Many of us had spent seven years at the old building on James Street in town, including four years at B.C.H.—And how we enjoyed the change!—The daily journey of the Faculty to and from James Street and the big touring car with the top down.—Nostalgic memories!—And now to the present.—

Father Pat Flaherty is the new Pastor at St. Mary of the Hill in Milton.

John Hogan, the perennial headmaster of the Rollins School, Lawrence, is glad, says he, to be back at the helm after his vacation.

To Fred Doyle our sympathy in the loss of his beloved father whom many of us remember from our College days. R.I.P.

Father Joe Sullivan, S.J., (Chenistry, B.C.) is stationed, temporarily, at Keyser Island pursuing further studies and recuperating. Bes wishes and a speedy return to our midst, Father Joe!

Msgr. Eric F. MacKenzie (Newtown Centre) advises that the annual Fall Dinner will be held in October date and place to be announced in the mail.

Father Pat Dawson's heightened interest in football is understandable. Nephew Ed King seems destined for another big year on the gridiron.

Bill O'Sullivan's boys, Frank and Dan, both baseball players, are now Sophomores at the College.

Tom Swan Keohane is a member of the entering class at the Heights.

Married—Barbara Ann Keohane (St. Joseph College, Hartford, '46) to Charles J. Houlihan (Brown Univ., '42) August 2nd in the College Auditorium.

1915

Father Gerald Fitzgerald tells me that he has a full house at Via Soli, Jemez Springs, New Mexico. He has twenty-four priests plus seminarians and sisters for nursing the seriously ill. He sends his greetings to all his friends in Boston.

Kindly remember in your prayers the brothers of Father Joseph Kelly, S.J., and Monsignor Dalton. Father George Casey is about ready to build a beautiful new church at Rockport.

Frank Mahoney, Recreation Director of Somerville, has been busy supervising the play activities of 1 playgrounds. It is a 24-hour job with Frank.

Fathers Dan Donovan and Con Dalton were recently made Monsignors. They are great organizers and we were all pleased to read of the honor conferred upon them.

Jim Kenney is now teaching at Girls' Latin in Boston.

If you are interested in fishing, you should see Pat Donovan. He spends many pleasant days fishing in Scituate Harbor.

Tom Lyons is assistant principal at Weymouth High School.

THOMAS D. CRAVEN

42 Mellen Street, Dorchester 24

The Thirtieth Anniversary of the class was observed during the afternoon and evening of June 17th at the Marlboro Country Club.

"Porky" Flynn headed the committee on arrangements. The weather man contributed his share in making the day one which those attending will long remember. During the afternoon the men provided a gallery to watch a threesome between Frank Limont, Marty Higgins and "Bo" Mahoney on the links. Official report has it that the result was a dead heat. For which "Porky" provided treatment. The ladies played bridge with prizes for each table. Those present were: Eddie and Mrs. Austin, Joe and Mrs. Dee, Jack and Mrs. Doyle, Fr. Father Bill Kerrigan has been appointed parish priest of Saint Michael's Church, Bedford.

Fr. Frank Flaherty has been appointed parish priest of Our Lady of the Lake, Halifax.

Eddie Tracy has been confined to his home by the illness which has bothered him. It would be helpful for him to hear from members of the class. A card or note to 35 Alban Street, Dorchester 21, will mean a lot to a very loyal son of the College.

Horace is a dentist, practising in Springfield. Members of the Class are guaranteed free extraction if they will either bring or send their dental hardware to Horace.

So long as the Archbishop of Boston continues to promote members of the Class, this column will be well filled. Rev. John J. 1920

J. ROBERT BRAWLEY

33 Pomfret St., West Roxbury 32

Joe Joyce, Bob O'Connell and I have just returned from saying farewell to one of the members of 1920.

Pat had left us, years ago, at the end of junior. Through the years, he kept in touch with us and we remember him as a reporter, a district man and a free-lance writer after he left the newspaper work. We remember him especially as a Catholic gentleman with an intense pride in his Church, his home and his Irish ancestry. Wealth did not come to Pat but his loyalty to B. C. never wavered and when the recent Alumni Drive started, he promised to help. His job wasn't a big one—a civil service job—but he would do what he could.

A month ago he dropped in and with apologies for giving such a small amount, Pat pressed a hundred dollar bill in our hands and told us he was leaving Boston. He wanted the address of Bill Lyons in St. Louis. He was going to drop in on Gus Horgan in Chicago and Fred Donaher in Detroit. He was going on a long trip, he wasn't sure where he would end up, he wanted material for writing. But first he was going to attend his first American Legion Convention. So he went over to New York. While talking to an old buddy some playful celebrator set off a bomb at his feet. Pat returned to Boston with an injured ankle and a pain in his chest. Ten minutes after arriving home he was dead. May the soul of Patrick J. Logue rest in peace. Father John McGinley is stationed at St. Patrick's, Cambridge.

Bill and Mrs. Dempsey observed

their 25th wedding anniversary on August 30. Their son William was married on the same day to Theresa Marie Leary of Malden.

1921

Judge John Burn's excellent article on the Community Tax Savings Plan was featured recently in the Boston Sunday Advertiser. It was a grievous loss to Jack Burke when the Hatherly Golf Club building was destroyed by fire. The fellows will not forget the 25th Anniversary celebration held there last year.

Leo Callanan is still the United States consul in British Columbia. Jerry Mahoney met Leo in late August at Cranwell in Lenox. Their sons attended the Summer Camp at Cranwell.

Ed Foy (of Foy's Markets) has been appointed the chairman of the Boston College Public Drive Committee in the Quincy area. Ed's son, Robert, is a senior at the Heights.

Congratulations to Monsignor Walter J. Furlong on his being awarded a Doctor of Laws degree by his Alma Mater last June.

1923

FRANCIS L. FORD
9 McKone Street, Dorchester 22

The big news for the world of the Alumni, as far as we are concerned, is that 1923 will be the Silver Jubilee Class, come June, 1948. At the time of graduation we numbered 125 members. In the long succession of years about 60 have been in fairly close touch with the various affairs of Alma Mater. Some have not been heard from for a decade or two, and another some dropped out of the picture on Commencement Day.

It is the purpose of the class officers in the coming months to make contact with every original member and arrange for a suitable showing on the next Alumni Day. Truly, some will not be able to be reached for they have gone to their Eternal Reward, but, thank God, they represent a very small percentage in our case.

For the purpose of those who tuned in late or have failed to tune in at all, we repeat the present class officers: president, **Walter (Tony) Comerford**; vice-president, **Richard Rockett**; secretary, **Gerald Coughlin**; treasurer, **Edward Dulica**; scriptor, **Frank Ford**.

Congratulations to our own **Gerry Coughlin**, our youngest class member, and now the youngest Head Master in the Boston School system. Gerry is now the principal of Roslindale High School.

Tom Eccles, editor of Sub Turri, as head of the English List, may succeed Gerry as head of the English Department at Boston English High School, but may choose to serve in the same capacity at another Boston High School. Both successful candidates deserve our applause for their work in the Boston Schools.

At Roslindale, Gerald will find a classmate, **Frank Reynolds**, teaching in the Science Department and coaching a most successful hockey team.

Saw a picture of **T. Edmund Garrity** in the papers way back in the early part of the summer. If memory serves us correctly Ed. is the new president of a golf association. Winchester, we think, but you can look for a correction, if one is necessary, in the next issue of the NEWS. Ed is not a G I. That G I means Golf and Insurance, and they seem to mix very pleasantly.

While Scriptor was vacationing in Jackson, N. H., this early August, he was hailed by **Owen Gallagher** who was passing thru on business. Owen wanted to know what we were doing out of his ward.

Captain Bartholomew W. Hogan (MC) USN, has been appointed Executive Officer of U.S. Naval Hospital at Bethesda, Maryland. He is a Fellow of the American College of Physicians, Fellow of the American Psychiatric Association, and a Diplomat on the Board of Neurology and Psychiatry. He holds an honorary degree of LL.D. from Mt. St. Mary's College, Maryland.

Miles Finnegan is with the U. S. Weather Bureau at the Boston Airport. He has four children ranging from one to twelve years of age. **Father William J. Canty** has been transferred to St. Ambrose's, Dor-

chester. **Father Thomas Lane** to St. James', Boston.

Bill Vargus, our famous pitcher, (remember the Junior-Senior game when he struck everyone out?), is now in Quincy with the John Hancock Agency.

If you need a room in New York City, check with **Alexander Coleman '25**, at the Hotel Albert, 19 University Place, N.Y.C.

Is it too soon to be planning our 25th anniversary of graduation?

FRANCIS X. SULLIVAN

51 Presentation Road, Brighton 35

These notes are going to be different. Anyone who reads them will pardon our lack of encyclopedic information of those who are doing what because memories of the 20th Anniversary celebration are still very vivid and pleasant, and we believe, worth recording for posterity. After all a 20th only comes once and we'll never have another this side of Heaven.

A Memorial Mass for the 25 deceased class members was celebrated at the Archdiocesan Eucharistic Shrine of St. Clement by Fr. **Joe McCall**, at present Chaplain at the Carney Hospital. Although it rained in biblical fashion, 57 brave hearts were there. A letter to the class president from the superior of the nuns who regularly carry on the perpetual adoration at the Shrine relates the deep edification of these nuns at the sight of over

50 men remembering and memorializing their beloved classmates in the best possible way. As a souvenir of the Mass and a perpetual reminder of those who as Father McCall in his sermonette reminded us were "the successful members" of the class, beautiful prayer cards, designed by Father McCall, were mailed to each member of the Class with the names of the deceased inscribed on them.

After the Mass there was a Communion Breakfast at the Bostonian across the street. At that time it was voted to make the Memorial Mass an annual affair. Since it was Sunday the 30-odd secular priests of the class were unable to be present. **Father Joe Quane** and **Father Martin Harney** very ably represented the Jesuits while **Fr. Leach**, since elevated to the rank of Monsignor, was the "orator of the day." Walter has been Assistant Chancellor of the archdiocese for six years. To him go our heartiest congratulations and best wishes. Alumni Day was a grand success. From 2:30 on class spirits were very high. Over 80 members of the class came back to the Heights to put on a display of loyalty and enthusiasm that other classes may well emulate in the future. After twenty years to assemble one-third of the actual class and over one-half of those who live reasonably close to Boston is a mark for other classes to shoot at, and deserving of an orchid or something. When the class of '22 was detained somewhere, '27 took over and led the Alumni parade preceded by its own band for the day—the Mission Church School musical unit from Roxbury. **Ray Finnegan** saw to it that the Boston Globe photographer was right on the spot so that the next day the Globe on the center of the front page showed the '27 Men of Distinction marching down the hill to the ball field. On June 29, the Globe again in its pictorial section displayed the beaming countenances of '27 assembled on the steps of the Tower Building. The caption was Gift Givers and the fact of our \$15,000 gift to the Building Fund Drive was given fitting prominence.

Thanks to **Walter Waldron**, Chairman, **Joe McKenney**, **Tom Cough-**

Ian, Jack Desmond, Joe Ingoldsby, Jack Buckley, Ray Finnegan, Bill Marnell, Fr. Joe McCall and the others who helped to make the celebration such a great success. Speaking of the Building Fund Drive over 60 per cent of the class have subscribed—145 members to be exact. We are running second in the list of classes. If those of the 40 per cent who have not as yet given something forward a contribution no matter how small we can take the lead again before the drive closes in November.

Joe McKenney has been appointed an official of the National Professional Football League.

Fred Harkins will have a prominent part in the National Holy Name Convention that meets in Boston October 1-5.

Paul Seymour, New England President of the Electrical Worker, C.I.O., was chairman of the National Convention of the union held in Boston in September. The union has over 800,000 members in the country.

Our sincere sympathy goes to **Fr. Fiekers** on the death of his mother. It was good to see **Henry Deary**, who has been ill, on Alumni Day. The Jesuit contingent of **Fathers Quane, Geary, and Devlin** was also very much in evidence on Alumni Day.

John A. Lynch was in from New York. He has a trucking firm on Long Island.

Father Henry Pender journeyed from Portland, Maine, where he is chaplain at Mercy Hospital.

Bill McKillop came from the hills of New Hampshire, **Dan McIsaac** from Quonset Point, R. I.

JOHN J. SPENCER

527 Broadway, South Boston 27

Dear Classmates:

As of September 8, 1947, 223 members of our class have pledged \$14,935 to the Building Fund. This figure represents more than 79 per cent of our class, the highest percentage of all the classes. Thank you all for your magnificent cooperation and please pardon our persistence.

Gratefully yours,

John J. Mahoney

P.S. It is not too late, if you wish to send in a pledge or add to your former pledge.

An extremely proud "daddy" is "**Joe**" Powers, the Cambridge school-

master, whose daughter Rosemary A., graduated last June from the Boston Academy of Notre Dame as the winner of six full scholarships. Modern Distribution and Public Health

THE war provided a rare opportunity for mass examination of public health, and it revealed that millions of Army inductees averaged an inch taller and at least nine pounds heavier than their World War I counterparts. From an equally comprehensive source comes word that life expectancy in the nation now is over 65, as against 49 at the turn of the century.

This improvement in public well-being is influenced by many things, and among them the fact that the nation has come of age in its eating habits. Consumers have learned to add zest and variety to meals. Since 1900, for example, there has been an increase of 35 per cent in the consumption of body-builders and protective foods like fruits, vegetables and dairy products. In fact, the modern American not only has a better-balanced diet, but also eats 10 per cent more food than his grandparents did.

There can be no question about the relationship of good health and good food. Thirty-five years ago, the diet of each section of the United States was limited largely to its own produce, with fresh vegetables available only during local production seasons. Since then, modernized mass distribution has eliminated geographical obstacles to a sound year-round national diet.

A&P's part in this reform is its proudest heritage. Its cooperation with agriculture in improving the methods of grading, packing, shipping, refrigerating and merchandising perishables has not only broadened the market for all farm products, but has also made it possible for the company to provide more and better food for the 6,000,000 families it serves daily.

By pioneering quicker, less wasteful means of moving food from farm and factory to dinner table, the men and women of A&P have been able for more than 87 years to do the nation's most efficient job of food distribution.
